SCAL INTELLIGENCE.

E HEALTH OF WASH NGTON .- To-day we con e our quotations from the annual report of the ed of Health, made by Dr. Thomas Miller, its

With the exception of consumption and cholera antum, our bills of mortality present nothing or note. The diseases which have ever known to prevail on the banks of the Potomac. intermittent and bilious fever, and which many s ago made sad havoc among our citizens, now the city has become more densely populated, but to a limited extent, and are seld m fatal. ose diseases are now principally confined to the aubs, and to those parts of the city where streets being opened, and other improvements being

our citizens have abundant cause for thankfulness their exemption from all epidemic and contaus diseases, while cholera and yellow fever have mitted the most lamentable ravages in very any portions of our country. To the peculiar to-graphy of this locality, and to the judicious plan the city, so wisely provided with wide streets. ich of our healthtulness and freedom from epimics is due; at the same time we should not negto attribute a great deal to the proper cleansing nd liming of the streets and alleys by our efficient nmissioners. As one of the greatest difficulties in eping the streets and alleys clean, arises from the cuce of throwing garbage and kitchen slops into a, it is desirable that the law in relation to slopbs, which was some years since enacted upon the ommendation of the Board of Health, may be edly enforced, thereby obviating a fruithful source

There is one other adjuvant to health required in ur city, and which, as the city increases in size a population, will become absolutely necessary cleanliness and for the prevention of disease,— e mean an abundant supply of pure water. We now extensively it will contribute to the preserion of health, especially if combined with a proerly arranged system of underground drainage with ater traps. The experiment of one or two sewers. ranged with these traps, shows the advantages of m. They should be applied to all the rewers. The attention of the Board or Health has been ocupied with the i uportance of daily markets in this my during the hot months of the year. This is a ubject which, in the opinion of the Board, demands areful and serious consideration, as the proposed peasure involves too many interests to be hastily arried into operation. It is in a sanitary point of w that we have considered it. The necessity for feetly fresh meats, vegetables and fruits, is too parent to need any argument, and these articles, essential to the preservation of health, cannot be operly supplied w.thout the establishment of ily market.

As conservators of the health of the city, the oard beg leave to call your attention to the importnce of regulating by law the sale of poisonous drugs and of prohibiting their being dispensed, except on the written prescription of a known and reputable hysician. The number of cases of suicide which ave occurred in this place within a few years past, and also of murder and attempts to murder by poion, would seem to call imperatively for some regrictive legislative enactment.

On a former occasion, we had the honor of call ing your attention to the importance of establishing pest house. Although, for some years past, the reessity for such an institution has not been expesenced by our citizens, we should not therefore conclude that such will aways continue to be the ase. Believing it to be the wisest plan to be presured for an evil, rather than to await its advent, your attention is earnestly invited to the propriety of establishing such an institution. In concluding this report, the Board regret to state

that the ordinance relative to the registration of mar nages and births is virtually null and void, not a return of either havin been made to the ard within the past year. If the Councils concur th the Board in opinion as regards the importance of such a registration, it will be necessary to provide such penalties for its non-observance as will give effect to the existing laws on the subject.

PROCEEDINGS OF THE NEW BOARD OF TRUSTEES of Public Schools .- The new Beard of Trustees of Public Schools held their first meeting in the City Hall last evening, Mr. S. H. Hill, acting Mayor, in the chair, all the members present, viz: Messrs. Polk, Bennett, Dickenson, Bacon, Lord, Magruder, Hanson, Dixon, Davis, At Lce, Knight, and Pear-

Messrs. Abbot and Bacon, members of the late Board, were respectively appointed secretary and treasurer pro tem.

Sundry bills were read and ordered to be paid. On motion by Mr. At Lee, the secretary was directed to have printed for regular distribution by the teachers among the pupils, certificates showing, individually, their attendance, deportment, application to study, &c.; and also to address a communication to the Mayor in relation to the assignment of a room in the City Hall for the use of the Board, where all official papers may be kept in accordance with the law of the Corporation on this subject. The treasurer was directed to procure school furniture as estimated for by the several late sub-boards,

and for which an appropriation has been made by the Councils. The following standing committees were appointed by the Chair, v.z:

To examine applicants for teachers-Messrs. Pearon, Polk, Davis, and Magruder. On school books-Messrs. AtLee, Bennett, Han-

son and Knight. On the rules-Messrs. Baçon, Dickerson, Dixon and Lord.

The following is a summary of the teachers' reports received for the month of October:

Number of reports received from teachers, 34-(no reports were received from two teachers in the Third district and one in the Fourth;) number of pupils in schools, (three schools not reported,) on the last day of the month, 1,944; entered, 181; withdrawn, 93; present every school day, 559; corporeatly punished, 80; number of school days in the month, 22; one day, the anniversary of the battle of Yorktown, given as a holiday. In the First district, three teachers were absent, three days each, by sickness, and another two days. In the Second district, one teacher was absent three days by sickness, and another ten days. Average attendance of pupils in each school, 48; number of days attendance, 33,028; number of days absence, 8,275; per centage of time lost by pupils, 0.25; on register waiting admission, 80, of whom 59 are waiting in Third district; number of visits from Trustees, 46; number of pupils suspended, 19. The least time was lost by the pupils of Miss Parson's school; the highest average attendance was in the school of Mrs. Clarke; in the Third district there was the best average attendance; and in the Fourth district the least amount of time lost by the pupils.

WASHINGTON MONUMENT-Thanksgiving Day .-The expenses of this structure for the month of October have been \$2,000 82. The contributions by visitors \$218 10, which, with those of the military, made on the 19th ult., of \$319 79, make the whole receipts \$537 89. This is rather a reflection on the patriotism of the country, that the National Monument which is being erected to its father and saviour, should be so inadequately encouraged. For the receipts to be only about one-half of the expenses, is a matter of astonishment. The people, societies, churches, theatres, &c., &c., should at once devise means for contributions to the work that will at least pay the expenses as it rises gradually, but sublimely, towards the heavens. It is suggested that Thanksgiving day will afford a fine opportunity to collect in churches, &c., something toward the grand object. To whom, less than a kind Provi-dence, are we as much indebted for the blessings we enjoy as George Washington? Let a portion of your thanksgiving, then, be a contribution to the obelisk which is to stand a memorial of the affections of the people to his immortal name.

NEW Club.-Last evening, a number of young gentlemen, residing in the Fifth and Sixth Wards, met in the Anacostia Hall, near the Navy Yard, and organized a new association for their amusement and improvement. They adopted rules for their government, and elected officers for the first term. The name adopted is the "Terpsichore Ciub." It starts with a very fair roll of intelligent and respectable members, and bids fair to prosper. The following is the list of officers elected: President, Marcellus Marceron; Vice President, Wm. Smoot; Secretary, P. J. Ennis; Treasurer, Jas. R. Dobbyn.

Closing of THE DELUGE To-Night .- The last exhibition of Morgan's Mirror of Creation and Deluge at Odd Fellows' Hall, with the farewell concert by the Blind Vocalist, comes off this evening at 7% o'clock. Meeting with approbation of a Washington public generally, favored by the Ministers and the Press, and persons of high official stations, it leaves behind a name for the artist and the manager, that should they open their new work now in progress, they could not fail of a generous reception. Indeed, what may come from George Hielge as an artist, or from Mr. Morgan as an exhibitionist, according to their present populari y, success must at

SMALL SALES .- The New York Herald, Tribune and other New York city papers, are called here now by the indefatigable newsmen and boys with but poor success. They swarm the hotels, &c., with armsful of papers, but go away with the unpleasant realization of very small sales.

tend them in Washington.

TAVERN KEEPERS' MOVEMENTS. - The tavern keepers met at the Washington Light Infantry Hall. last evening, and sat with closed doors. They will probably take out licenses, according to the public notice of the City Register, and should any interference be made with their business under the new laws, will appeal to the criminal court. This is what we guess, not knowing anything of their proceeding or intentions. will be tooclyne.

THE OLD SCHOOL PRESBYTERIAN SYNOD,-The Synod of Baltimore, now in session in F street Presbyterian Church, have chosen the Rev. Dr. Harrison, of Alexandria, an aged minister, as President. who, on Tuesday evening, delivered the opening discourse in a most fatherly manner. Rev. N. G. White, of Carlisle, was appointed Moderator. Fifty ministers and twenty-three elders are in attendance. They fixed the hours of session from 9 to 2 o'clock. a. m., and from 4 to 6 o'clock, p. m. A recess is taken in the morning session at 11 o'clock for public worship.
The Hon. Walter Laurie, Secretary of the Board

of Foreign Missions, yesterday addressed the Synod on the important subject in his charge. The discourse was very interesting to the friends of the missions, making a most eloquent development of the affairs of the Board, in that connection.

Messrs. Robertson, Eckert and Merritt, were apappointed a committee to prepare a minute by which the cause of Foreign Missions will be thrown upon the spontaneous liberality of the Churches, without employing agents to collect and receive

Rev. R. C. Galbratth, of Baltimore, and Rev. J R. Graham of Winchester, were the temporary clerks, and the Rev. Thos. E. Peck, of Baltimore, the stated clerk.

The Rev Dr. Cleghorn, of Philadelphia, preached yesterday morning at public service, and the Rev. Dr. Foote, of Winchester, Va., preached yesterday This morning the Rev. Dr. Dabney, of the Theological College of Virginia, delivered a sermon on "The Power of God," a sublime theme, listened to

by a remarkably attentive and absorbed auditory. Synodical prayer meeting will be held this evening, in the same church, and two addresses will be delivered by members of the Synod. No action had been taken this morning as to the

time of adjournment. Chambersburg, Pa., has been chosen as the place of meeting of the next Synod, on the last Thurday of October, 1855.

The Rev. Dr. Gurley, pastor of the church in which they meet, the Rev. Mr. Henry, and the whole concregation, have been unremitting in attending to the comfort and convenience of the members of the Synod. They may, probably, close their labors this evening or to-morrow morning, having nearly closed the important business for which they assembled.

THE ARBITRATION CASE.-Mr. James Daly, as old and respected citizen, says that the statement we gave yesterday wants correction in regard to the salvage on the wood. He offered Messrs. Day aud Ritter one dollar per cord for the wood, caught at and near his wharf, as was proven by the arbitrators. A full statement will be made after their decision. They have the final judgment in the case are men of integrity and just principles, and there-fore the intricate case is safe in their hands with out going to the Circuit Court, as effected.

Sons of TEMPERANCE AROUSING .- Northern Liberties' Division will commence this evening a series of meetings in the Methodist Church South, or Eighth street, and will be addressed by the Rev. Drs. Peck and Clayton, and by A. F. Cunningham, Part Worthy Patriarch. They are going to discuss the recent liquor laws, and say that they can demonstrate the fallacies of the tavern-keeper's late memorials to the Councils

THE USURY LAWS .- There has been something said about a memoral to Congress to repeal the usury laws of the District. An act of the kind by Congress, coming from that concentrated focus of the sentiments of the States, would have a powerful effect to abolish laws which are worse than useless, and should be struck from every statute book of the country. We trust that the citizens of the District will move energetically in the matter, and speedily accomplish their object.

INIMITABLE BURLESQUE TROUPE COMING .- The Julien Burlesque Opera Troupe, composed of twenty first rate p: rformers, are to open at Odd Fellows' Hall on Wednesday evening next. They burlesque in a most admirable manner the Julien Concerts, Hutchinson Family airs, &c., and are said to give the most successful entertainments yet produced in their line, in the United States.

THE PRESIDENT ON THE AVENUE.-President Pierce was observed, this morning, mounted on a fine steed, on the Avenue, and looking remarkably well, thus contradicting the reports of some of the papers. It was most gratifying to his fellow citizens and friends to see him appearing in public in such apparent fine health and spirits.

the Capitol Grounds, a beautiful green beau-knot, belonging to some lady, which has been left with "Items" to restore to the fair owner, if she will call. We respectfully decline the honor, not wishing to be mixed up in any such suspicious matters.

ALL SAINT'S DAY .- Yesterday was celebrated in he Catholic Churches, in honor of all the Saints, and we hear that the Spiritual Retreat at St. Mary's is well attended, and conducted so as to bring about the best results contemplated. The Rev. Father de Neckere, President of the Seminary, and the Rev. Father Knocks: adt, are conducting the retreat most impressively.

ARRANGING THE MODELS .- Messrs. Shields. Jacobs, Lewis, Butler, and others, have been working hard for some time past, removing the models of the Patent Office up stairs, where they are regularly and conveniently arranged, and may now be said to be models of good taste and artistic display.

ALEXANDRIA AND WASHINGTON RAILROAD .- The necessary amount having been subscribed for this important improvement, a general meeting of the Stockholders will be held in this city next month.

ARRIVALS AT BIRCH's .-- The watch house Regis ter shows an unusual number of arrivals last evening. George Williams, Owen Rennolds, John Finnon, Herman Typpucht, and George Wilson, all white came in for lodgings, and after comfortable naps on soft planks, were dismissed this morning. George Munson, for disorderly conduct in the streets, fine and costs. J Cropsey, lying drunk in the street, had a snooze for the night, and was dismissed the morning. Peter Hamilton, George Thompson, William stuart, and John Long, for breach of the peace. were given accommodations in a larger place-the jail.* George Echton, — Kelly, and Wm. Jones, were made to pay a bill of \$6.44 each, for being profane and disorderly. Eliza Lee, free colored, disorderly, paid the bill. John Harrison found drunk in the streets, had his night's lodging, and was dismissed. Thomas Radeliff, for disgracing the Centre Market by going there intoxicated, was required to pay up for his beastliness. Lewis Harris, charged with larceny, was promoted to the big house kept by Capt. Smith, back of the City Hall. This is the longest list we have yet had to copy from the re-cords of the polite and accommodating Capt. Birch.

OF PALPITATION OF THE HEART, Nervous disease Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. BURDON BURROW'S ELIXIR VITE.-Its virtue have been endorsed by DIVINES, EDITORS, LAWYERS, CHEMISTS, and other eminent individuals. By the Mason to and Odd Fellows' Loders of Norfolk. By 5,000 citizens of the city of Norfolk and town of Portsmouth, and every one of their 25,000 inhabitants, are living witness of its extraordinary virtues upon themselves or some friend and acquaintance. Remember certificates of cures performed in this city, where the medicine is prepared, are alone published. Numerous persons take it every spring and fall, and ail who have adopted so wise a course require no other medicines, and the testimony of all after using a few bettles in icines, and the testimony of all after using a few bottles is, have derived more benefit from its use than from all the

medicines I ever drugged my system with. If there are worms in the body it will kill and expel them. It will re-move and cure the worst carbuncle, and if drank freely dur-ing inflammations, mortification can never ensue. BURROW'S ELIXIR VITAL BURROW'S ELIXIR VITE.

Extracts from an editorial notice in the Portsmouth, Va.,
Globe, July 13, 1854.

The Editor says: In this community this medicine scarcely requires a notice, it has been so often tested and its virtues so well known from the numerous cases of its successful use, that it is sold now just as readily without prescription or recommendation for the diseases for which it is recommended as a unique is for chills.
